

**Caroline Wenzel Elementary School
2020-2021 School Year
School Site Council**

October 5, 2020

School Site Council Interest Form

We have one parent vacancy on our school site council. Erlinda Luistro served on our Wenzel School Site Council for 2019-2020 school year. Her family has since moved on to junior high and that move leaves us with a vacancy on our school site council.

School site council (SSC) is a committee comprised of parents from the Wenzel community and staff members in the school. SSC is the governance committee that provides monitoring of school plans, approves annual budgets, and supports in the development of a new plan for the subsequent school year. The committee meets once a month for an hour each time.

Parents are an important part of our planning process. Your input and concerns are important to the overall design of our school plan and the achievement of our students. If you are interested, your name and the names of interested parents will be placed on an election ballot through google. The parent candidate with the highest number of votes is the elected parent to fill our parent vacancy. Please send the bottom portion of the form to indicate your interest. Please call the office at (916) 395-4525 if you have further questions. Thank you in advance for your interest.

With appreciation,

Yee Yang, Principal

Please return this form to the front office by October 9th, 2020.

Yes, I am interested in School Site Council.

My name is _____.

I can be reached at _____.

My student's name is _____.
